Trip Summary

The Peninsula District Camporee This is one of the most fun, multi-troop events at the Cutter Scout Camp. It consisted of 2 nights of camping and a Saturday full of contests and activities for everyone to participate in. The theme this year was the American Revolution. The activity Troop 175 hosted was the the Boston Tea Party.

Friday night we left and arrived in the rain. Muddy roads and 4WD was the theme of the evening.

We had two patrols participating in the events. Highlights included Robbie T using his paddling skills on the canoe event and Patrick H blowing out everyone's ear drums when he shot the cannon at the end of an event.

Saturday night was a Dutch oven potluck in which EVERY troop participated. Some of the food was really tasty and some of the food was...well...it was food (or so we were told). The campfire was fun with our troop presented two skits; Mullberry Hill and The Waiter.
