Trip Summary

The trip was successful. After many rests, shade or none, we finally made it to the top! Ilerdon, Jonathan, and Danny, 3 of the younger scouts came on this trip. Led by Jordan, our Senior Scout for this trip, we made it to the top without any injuries or problems. We also had a quick encounter with a coyote towards the top of the summit. On our way down though, we encountered some cows that were blocking our road, so we waited for a few minutes for them to pass. Everyone did a great job!
