Trip Summary

The weather was beautiful, the conditions were typical "Spring Skiing": sunny, no lift lines, and the snow a bit slushy. An excellent time was generally had by all! We had two "newbies" who were doing an excellent job on the green (and sometimes even blue) slopes by the end of the weekend: Brian H. and Dane H. There was the traditional loft vs. loft snowball battle, with the predictable (kitchen loft) winner. The new kitchen crew of Doug M., Gary P., Dan Y., and John H. turned out some delicious meals. And the clean up leads, Mike H. and Tom D. left the Lodge in excellent shape--something the Sierra Club always appreciates.
